From Amit Sir's desk

Every face in this magazine is a family's dream that came true in 2026.

Behind each white coat in these pages are months of preparation, sleepless nights before every counselling round, and parents who trusted us with the most important decision of their child's life. I want to thank every one of those families.

This year our students secured seats through MCC All-India Quota, deemed universities, and state counselling in Punjab, Haryana, Himachal Pradesh, Uttarakhand, Rajasthan, Bihar and Uttar Pradesh — in MBBS, BDS, BVSc, BAMS and Nursing. Some got their dream college in Round 1. Others waited, upgraded and fought for a better seat in Round 2 and beyond. Every round mattered, and we were with them in each one.

At NEET Guru Chandigarh, we do not treat counselling as form-filling. We study cut-offs, fee structures, bonds and seat matrices so that every choice a student locks is the right one for them. That honest guidance is the reason our families recommend us.

To our Doctors of 2026: wear your white coat with pride, work hard, and stay kind. To the aspirants of 2027: your page in this magazine is waiting.

I met him during my NEET UG counselling, and honestly, he made the whole process so easy and stress-free. He patiently explained how MCC and state counselling work and guided me step-by-step while filling out my choices. He kept me updated with all the important notices and deadlines, so I never missed anything. His knowledge of college cut-offs and admission trends was really impressive. With his constant support and honest guidance, I secured admission in a MGMMC medical college (Bihar) . I'm genuinely thankful for his help throughout the journey.
